Company Overview

Zweiback Group, LLC (ZG) is an operations and technology management consulting firm with locations in Virginia and Michigan. ZG helps government agencies and businesses improve the quality of service to customers through innovative design, project management, process improvement, and technical support.

ZG was founded in December 2009 to deliver professional development coaching and management support services to independent business owners. Over the last nine years it has evolved to provide operations and technology management support services including data analytics and technical assistance.

ZG professional staff have both military and civilian expertise in management information systems, health policy and analytics, research methods, leadership development, proposal development and technical editing. This combined expertise enables us to deliver consistently optimal services and solutions. In so doing, we have cultivated trusted partnerships while providing requisite resources with the right skills to achieve customer requirements, add value, and exceed expectations.
